Notes:

1. This is based on the fall 2026 general education curriculum.
2. Courses in bold should be taken during the semester noted. The courses that are not in bold are more flexible. Semester by semester course loads will depend on the number of AP or CCP courses a student completes upon entering the program.
3. Students must have 120 credit hours to satisfy the degree requirements.
*Free electives may be needed to reach 120 credits, depending on courses selected and AP/CCP.
4. *MCAT* and *Apply to Med School* could be replaced with other entrance exams or other professional school applications.
